

Help for Arindi

Arindi is 7 years old, lives in Sri Lanka and has **Leukaemia**.

With a bone marrow transplantation she could be fully cured!

In 2010 the little Arindi was diagnosed with **chronic myeloid leukaemia (CML)** – a seldom form of blood cancer. Till now she was treated with medicine. But available therapies are limited. So she need as soon as possible a bone marrow transplantation, which could cure her completely.

For the operation 28.000 € are needed

The operation can't be performed in Sri Lanka – the family need to go to India. The father is sole earner of the five member family with a monthly income of 180€. This is not enough to cover the cost for the treatment, so the family needs **urgent financial support**.

Help us!

To give Arindi a chance of full recovery.

Donations account for Arindi:

LOTUS international e.V.

Volksbank Rathenow E.G. BLZ : 16091994 Account no.: 1017446
